

Win the Fight - Strengthen the Team - Prepare for the Future

Restoration Advisory Board (RAB) 19 March 19

Colonel John R. Edwards Commander, 28th Bomb Wing

Prepare for the Future

Purpose: Update Public on Status of Ellsworth's PFOS/PFOA Efforts

Comment/Question Cards

- ➤Available at sign-in table
- Please write questions on card provided
- Written questions submitted will be addressed tonight
- A public affairs officer will collect the comments/questions cards

- Perfluorooctane sulfonic acid (PFOS) and perfluorooctanic acid (PFOA)
- Remedial Investigation
- **Basewide Site Inspection**
- ➢Off-Base Response
 - Well Survey
 - ➤ Maps of Phase 1-5
- **Current PFOS/PFOA Actions**
- **Future PFOS/PFOA Actions**
- Online Administrative Record
- Closing Comments

PFOS and PFOA

- Man-made chemicals found in commonly used products
 - Fire fighting foam
 - Nonstick cookware (Teflon)
 - Stain-resistant fabric/carpet
 - Food packaging
- 1970 Air Force began using aqueous film forming foam(AFFF)

- May 2016 EPA established Lifetime Health Advisory (LHA) levels for drinking water of 70 parts per trillion (ppt) for PFOS and PFOA (combined)
- November 2016 Ellsworth discontinued use of legacy AFFF

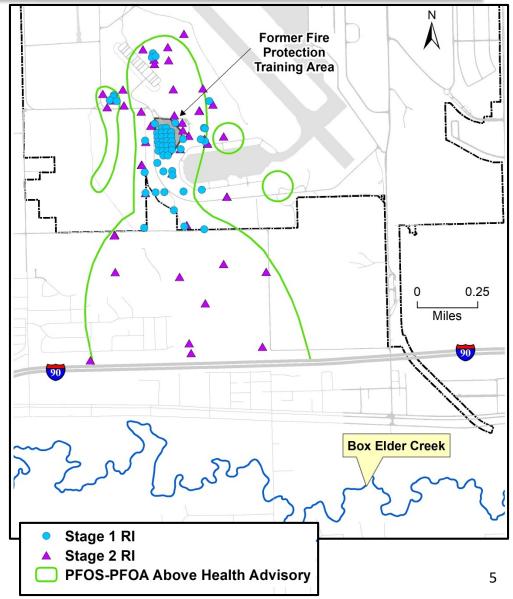

PFOS and PFOA

Remedial Investigation

➤ 2012: PFOS/PFOA first detected at the former fire training area

- 2015: On-base sampling completed
- 2017: Off-base sampling south to I-90 completed
- 2018: Preparing Work Plan for sampling south of I-90
- 2019 Stage 3 fieldwork scheduled for July

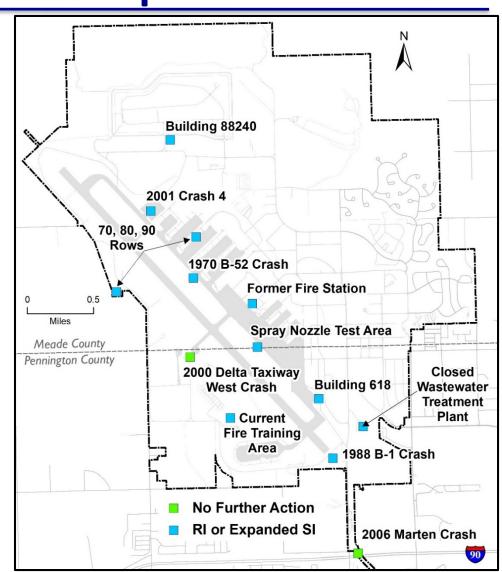

PFOS and PFOA Basewide Site Inspection

- 2015: Preliminary
 Assessment identified 12
 locations for further
 investigation
- 2016: Work plan under preparation
- 2018: Fieldwork completed
- Final Report recommends further investigation at 10 sites and No Further Action at 2 sites

Off-Base Response (Well Survey)

Conducting Off-Base Door to Door Survey to identify and sample private drinking water wells

- 1,505 properties evaluated (Phase 1-4)
- 567 properties visited
- 83 Private wells sampled
- > 21 drinking water wells above EPA Lifetime Health Advisory

Phase 1 (19 Sep 2018)

- 12 drinking water wells sampled
- 9 drinking water wells above EPA Health Advisory of 70 ppt
- Bottled Water provided weekly to residents
- 1 well provides water to mobile home park with approximately 65 homes

Phase 2 (29 Oct 2018)

- 30 shallow drinking water wells sampled
- 2 drinking water wells above EPA Health Advisory
- Bottled Water provided weekly residents

Off-Base Response Well Survey (Cont.)

- Conducting Off-Base Door to Door Survey to identify and sample private drinking water wells
- Phase 3 (27 Nov 2018)
 - 10 drinking water wells sampled
 - 4 drinking water wells above EPA Health Advisory
 - Bottled Water being provided weekly to impacted residents

Phase 4 (07 Jan 2019)

- 10 drinking water wells sampled
- 6 drinking water wells above EPA Health Advisory
- Bottled Water being provided weekly to impacted residents

Phase 5 (11 Mar 2019)

- 106 properties evaluated
- 56 drinking water wells sampled
- Analytical results expected week of 01 April 2019
- Bottled Water will be provided as necessary to impacted residents

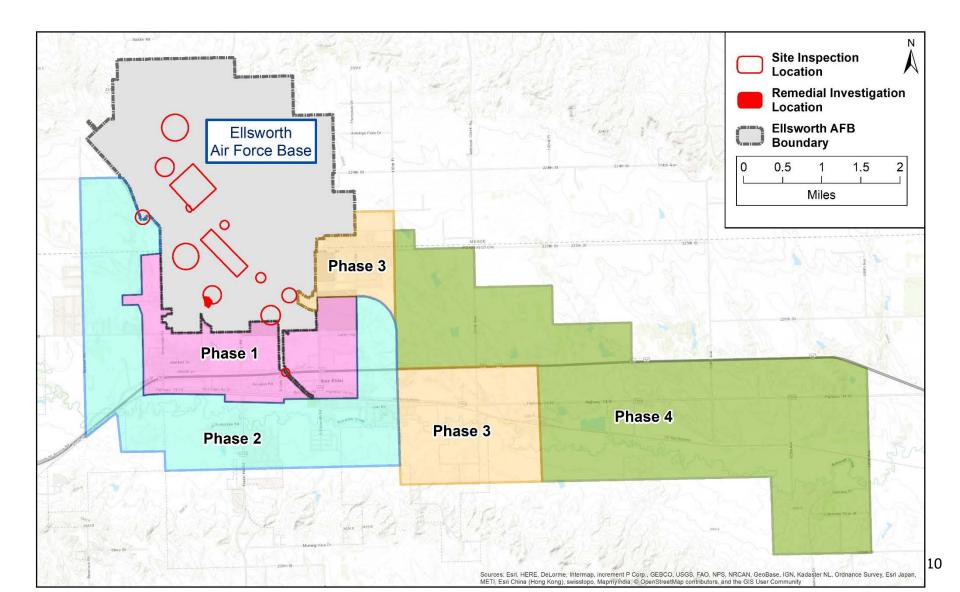

- > <u>ONLY</u> applies to private drinking water wells
- NO IMPACTS if you live on <u>ELLSWORTH</u> or are connected to the Southwest Waterline
 - Ellsworth drinking water from Rapid City
 - Questions, contact 28 MDG (Bioenvironmental Engineering)
- > <u>NO IMPACTS</u> to <u>BOX ELDER CITY WATER</u>
 - If you pay a <u>BOX ELDER WATER BILL</u>, you are connected to their water system
 - City of Box Elder's drinking water comes from deep wells (approximately 4,500 feet deep)
 - Questions, contact the City of Box Elder

Off-Base Response (Cont.) Map of Phase 1-4

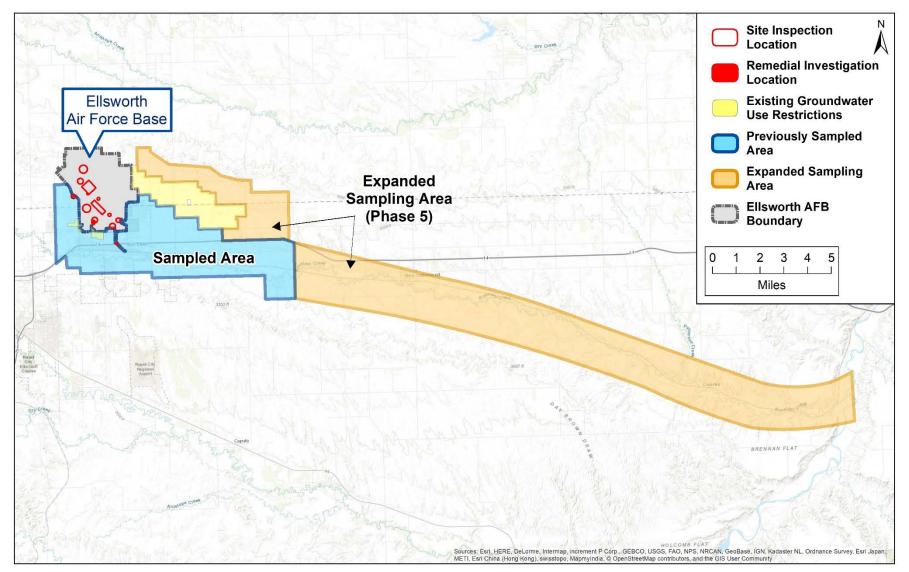

Off-base Response (Cont.) Map of Phase 5

- Continue PFOS/PFOA Remedial Investigation
- Complete identification and sampling of impacted drinking water wells
- Meet with impacted property owners to explain mitigation options
 - Option 1 Connect to municipal water supply system
 - Option 2 Install point of use reverse osmosis system
 - Option 3 Install point of entry carbon block filtration system
- Design/Install mitigation option at impacted properties

Finalize the PFOS/PFOA Remedial Investigation
 Study long term solution for PFOS/PFOA impacted drinking water wells

Online Administrative Record

Ellsworth's administrative records are available electronically *

Online database is easily accessible to the public via a computer with internet access

http://afcec.publicadmin-record.us.af.mil

*The administrative record is also available for viewing online by visiting any public library that provides internet access, including:

Box Elder/Douglas School District Community Library Douglas High School 420 Patriot Drive Box Elder, SD 57719
